Date of manufacture: 1960

Dimensions

Height = 20 cm (7.9")

Width = 3.5 cm (1.4")

Depth = 1 cm (0.4")

Description

This is the rare Seamaster Cosmic automatic with calibre 565 movement with 24 jewels, as you can see it is in fabulous like new condition. This was the last of the great in house movements made by Omega. The original silver starburst dial with date is almost perfect and totally original it has never been restored or retouched in any way. It has the Seamaster symbol on the back of the case which is bright and crisp and also the Omega symbol on the crown. The movement has just been serviced and comes with a 1 year warranty. The watch comes with its original bracelet these are very very rare. It will fit a wrist size up to 7 1/4 inches or we can fit a leather strap if you prefer. Spare links for this bracelet are obsolete from Omega but you may be able to find some on ebay if you need to make it a bit longer. As you would expect the watch is fully marked on the dial, movement and case. The watch case measures 35mm wide not including the crown. Its certainly got that late sixties space race sci fi design that Omega were aiming for. One of the very best examples you will find, a superb watch to be handed down through the generations. If you would like to buy or res...
