Description

Made from solid oak, this striking entrance hall piece features carved Gothic Revival panels, a shaped cornice, and original hand-forged wrought-iron hooks and fittings. The central twisted iron rail and scroll hooks provide generous hanging space for coats, hats, and outerwear, while the lower section is fitted with an original drip tray designed to accommodate umbrellas and walking sticks. This piece is a fantastic example of high-quality late 19th-century hall furniture, intended for use in the entrance hall of a substantial townhouse or country home. Its both practical and has a architectural in presence, this hall tree works beautifully as a statement piece in a period hallway, boutique interior, hospitality setting.
