Description

This cupboard is in good condition. We have professionally stripped and restored it. We then waxed it in a lovely antique brown bri wax giving it a stunning patina. The cupboard would look well in an old or modern property in an unfitted kitchen for storage of kitchen items. It would look great in a large kitchen. It would look great on a landing for storage of linen etc. This is in two pieces and extremely heavy and I will require a hand off the van with it into your hallway. Please make sure the pathway to your house is clear to get it into your property. The cupboard stands on a square plinth supporting the main section. There are two doors to the bottom that each have two panels and a round turned wooden knob. Behind there are shelves for storage. Above are two drawers with each drawer having a round turned wooden knob, dovetail joints and are pine lined. The top sits neatly upon the base and is slightly set back having two doors. Each door has two panels and round turned wooden knobs. Behind the doors there are shelves for storage. The top has a standard graduated cornice. The height is 218cm, the width is 157cm and the depth is 50cm.
