## Description

A superb hand made solid sterling silver caddy spoon. It is hallmarked SOLID SILVER and tests as high grade silver. I would date it to c1960. It has been superbly hand made and is in super condition being free from dings splits distortions and repairs. It measures approx. 4 inches (10.4cm) long by 1.25 inches (3.2cm) wide and weighs 24 grams. A very nice example.

Internal Ref: 34200
