Description

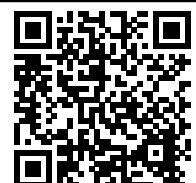

An impressive and beautifully made large antique oriental bronze table lamp, made in the far East and dating from around the 1930's. This is of superb quality, it is large and very heavy, being made of mostly solid metal. There are gorgeous traditional decorations throughout, with a solid wood top and base. This comes with a lovely silk shade that matches it very well. The lamp is in great condition, with only some extremely minor wear. We have had this re-wired, it is in good working order. The shade is also in very good condition, with just some minor wear.
