Description

Pair of Antique Arts & Crafts Brass Twin Handled Vases – Decorative Brass Urns – Circa 1910 An attractive pair of antique Arts & Crafts brass vases, dating to around circa 1910, featuring elegant twin handles and a classic understated form typical of the Arts and Crafts movement. These stylish decorative brass urns have a simple yet refined design, with gently curved bodies and twin handles that create a balanced and symmetrical appearance. Their warm aged brass patina gives them a rich colour and character, making them highly decorative pieces for both traditional and contemporary interiors. Standing at 22 cm in height, they are an ideal size for display on a mantelpiece, sideboard, console table, or shelf, and would add a touch of period charm and elegance to any setting. The Arts & Crafts movement valued hand craftsmanship, simplicity, and honest materials, all of which are reflected in the clean lines and appealing form of this pair. Condition Good antique condition with attractive age-related patina. One base is slightly misshapen and there are a couple of minor dents, consistent with age and use.
