Description

1950s Oil on Board – Industrial Constructivist Factory Scene mid-century oil painting on board (signed “Alex” lower right), depicting an abstracted industrial complex in neo-Constructivist style. Towering smokestacks, pipes, tanks, girders, and mechanical forms interlock in geometric chaos, dominated by a striking central circular clock symbolising factory time and relentless industrial rhythm. Impasto texture creates a built, sculptural surface. Moody palette: earthy browns, ochres, grays with blue-green accents. Good vintage condition with authentic patina Dimensions: 82 cm 61 cm 2.5 cm
