Description

A large decorative giltwood picture frame, of rectangular form, richly moulded with continuous high-relief ornament. The broad frieze is decorated with flowing Art Nouveau-inspired foliate scrolls interspersed with stylised blossoms and fruiting motifs, the sinuous stems running rhythmically around the frame. The inner sight edge is defined by a narrow geometric border, while the outer edge is finished with a small bead-and-reel style moulding. The surface is finished in a warm matte gilt, emphasising the depth and movement of the carving.
