Description

Dated in two places to 1936, this smart rug has a striking geometric design with subtle warm colours. The three medallions on the rouge field contain further geometric ornaments while the rest of the field is decorated with scattered lozenges with latchhooks. Three beautiful main borders frame the field each with a variety of geometric patterns. The wool is soft and with a chunky deep pile. Recently cleaned in our workshop. It has survived in very good condition with only minor old restoration to the braided end and selvages. This is a very decorative and handsome Caucasian rug.
