Description

Art Deco pocket watch, chain and compass. The watch has a stem-winding movement, signed Juwelhorlog (which translates as jewelled watch), which is working nicely. The movement is protected by an inner cover which has details of the movement, together with images of medals. The watch measures 49mm diameter excluding the winding stem and the loop. The case is nickel and it is in lovely condition. There is a pattern to the back, it is quite rubbed with age, and also the original owner's initials in Art Deco font. The acrylic lens is in super condition. The dial is also signed Juwelhorlog. A very handsome checkerboard dial with original hands, a subsidiary seconds dial and outer minute markers. The watch comes with a single chain, 23cm long including the T-bar and the clasp. There is also a functioning compass fob. The watch and chain come in a new presentation box.
