The ring is set with 3 stunning opals, the central being approx 0.40cts flanked by two further opals one either side of approx 0.03cts each giving a total opal weight of approx 0.46cts. To either side of the central opal are 2 diamonds - 4 in total - of approx 0.03 cts each giving a total diamond weight of 0.12cts. Total head size is 18mm across and 8mm deep. The ring is very versatile and could be worn as an engagement ring or as a dress ring. The 18ct gold gives the ring a warm lustre which compliments the opals which have a very beautiful colour. The fine filigree work which the head of the ring is set in, adds to its antique heritage. The ring is currently a UK size Q however, could be resized for a perfect fit.
