Description

This chest of drawers has been professionally stripped, restored and painted in a lovely grey paint. The edges have then been rubbed over giving it a stunning appearance. This chest of drawers would look well in a large property bedroom amongst similar painted antique pine furniture. This would look fabulous in a downstairs room with decorative items placed on top. It is very heavy so I will require a hand off the van with it. These Hungarian chests are very large so please be aware your staircase needs to be wide enough to get it upstairs and to be able to maneuver it on the landing. If you are looking to furnish a bedroom please view our other items we have many wardrobes and bedside cabinets. This chest stands on square back legs and round turned front bun feet supporting the main section. There are two smaller drawers over three larger drawers. The two top drawers have a lovely moulding around the edge with metal drop handles. The larger drawers have a similar moulding and round turned wooden knobs. To the sides there are carved corbels. The top has a slight bull nosed edge. The height is 123cm, the width is 127cm and the depth is 62cm.
