

SA1203847

Antique Omega fob watch and chain, c1910

Price

Sold**Item Reference: SA1203847****Date of manufacture: 1910**

Description

Antique Omega fob watch and chain, c1910. The watch has a stem-winding movement, signed Omega, which is working nicely. The movement is protected by an inner hinged cover. The watch measures 35mm diameter excluding the winding stem and the loop. The case has a gun metal finish which is in good condition. The inside of the case back has the Omega logo. The glass lens has very light marking but is very acceptable. The pretty dial is in lovely condition with original blued steel hands. The watch comes with a gilt metal albertina, 19cm long. The watch and albertina come in a new presentation box.
