Description

Striking Art Deco standard lamp featuring a tall geometric column constructed from coloured glass panels framed with metal edging. The column is decorated with stylised floral and starburst motifs, typical of the bold decorative style of the 1930s. Circa 1930s. The lamp incorporates a practical circular black glass side table midway up the column, designed to hold a drink, book or ashtray, making it an ideal reading or lounge lamp. The stepped base is formed with angled glass panels decorated with geometric starburst motifs, reinforcing the classic Art Deco design language. The lamp is topped with a shaped brass bulb holder frame completing the elegant vertical form. Highly characteristic of 1930s Art Deco lighting, combining decorative coloured glass with strong architectural lines. Offered in great shape.
