Description

Heals Antique Oak Chest of Drawers – Rare Variant A superb quality English Edwardian antique chest of drawers with an unusual drawer configuration, an early Heals of London model, this must have been a bespoke, special order, as these seldom seen chests where usually made in bare pine and some painted. This is very unusual variant, the first we have ever had in this lovely solid oak with a moulded walnut front edge. In fabulous, clean condition, three small drawers and the three long and graduating drawers all run smoothly, have the original handles and are finely dovetailed which is matched on the sides with exposed dovetailing. Stands on original tall oak bun feet. A beautiful Heals of London antique oak chest of drawers. Dimensions Height: 96cm (38.10") Width: 91.5cm (36.31") Depth: 45cm (17.86")
