Description

An exceptional vintage Danish master cabinetmaker made rosewood and leather desk, dating from around the 1930's. The quality is exceptional, this is incredibly well made and beautifully designed. The rosewood grain patterns are gorgeous, this stands on brass capped feet and has a tooled trim running around all edges and around the legs. It is a great size and is beautifully finished on the back as well, so can be used as a free standing item. We have had this stripped and re-polished to a very high standard, the condition is superb throughout.
