Description

A good quality brass stick stand dating from the late 19th / early 20th Century. It has a tubular brass frame with decorative finials and six divisions. It comes with its original painted metal drip tray. It is in good condition for its age with no major damages. There are a few minor marks, small dinks and some tarnishing on the brass but nothing detrimental. The paint has worn in places in the drip tray but it still displays well. It has been gently cleaned and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £30
