Description

A beautiful and extremely well made antique lacquered Chinoiserie nesting coffee table. This was made in England, it dates from the 1920-30's. The quality is outstanding and this has a very practical design. The larger circular central table has a raised pie crust edges and cross stretched base. The top of the large table and the smaller segmented nesting tables all have stunning decorations in the traditional oriental style. The condition is excellent for its age, all tables have been revived and re-polished, there is just some minor surface wear here and there, seen in the images.
