Description

This chest of drawers is in good condition. It has been superbly restored in Hungary and then waxed it in a lovely antique brown bri wax giving it a stunning patina. This chest of drawers would look well in a large property bedroom amongst similar antique pine furniture. This would also look great in any downstairs room with decorative items placed on top. It is very heavy so I will require a hand off the van with it. These Hungarian chests are very large so please be aware your staircase needs to be wide enough to get it upstairs and to be able to maneuver it on the landing. If you are looking to furnish a bedroom please view our other items we have many wardrobes and bedside cabinets. This chest stands on square back legs and round turned front bun feet supporting the main section. There are three large drawers. The drawers have round turned wooden knobs. There are metal key escutcheons. The drawers have dovetail joints and are pine lined. The drawers run smoothly. There are fluted columns and carved corbels. The top is in good condition with a bull nosed edge. The height is 94cm, the width is 143cm and the depth is 67cm.
