1930s Swiss pocket watch and albert

Price

GBP 165

| USD \$223 | EUR 193

Item Reference: SA1204580

Date of manufacture: 1930

Description

1930s Swiss pocket watch and albert. The watch has a Swiss 15-jewel stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. This inner cover has some scratching where it has been opened in the past. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold plated Star model from the Dennison Watch Case Company, an English manufacturer and supplier to various watch makers. The case is in good condition. The glass lens has small marks across it but not too detrimental at all. The dial is in lovely condition with blued steel hands, a subsidiary seconds dial and outer minute markers. The watch comes with a single plaited albert. The watch and albert come in a new presentation box.
