Description

This chest of drawers has been professionally stripped, restored and painted in a lovely light grey paint. The edges have then been rubbed over giving it a stunning appearance. This chest of drawers would look well in a large property bedroom amongst similar painted antique pine furniture. This would look fabulous in a downstairs room with decorative items placed on top. It is very heavy so I will require a hand off the van with it. These Hungarian chests are very large so please be aware your staircase needs to be wide enough to get it upstairs and to be able to maneuver it on the landing. If you are looking to furnish a bedroom please view our other items we have many wardrobes and bedside cabinets. This chest stands on square back legs and round turned front bun feet supporting the main section. There are two small drawers over three larger drawers. The top two drawers have metal drop handles and a lovely round moulding and the drawers below have round turned wooden knobs. The drawers are pine lined and have dovetail joints. To the sides there are turned columns. The top has a slight bull nosed edge. The height is 125cm, the width is 125cm and the depth is 61cm.
