Description

This bookshelf is in good condition. We have professionally stripped and restored it and then waxed it in a lovely antique brown bri wax giving it a stunning patina. The bookshelf would look well in an old or modern property for storage of books or in an office to store office files. The bookshelf stands on square back legs and round turned front bun feet supporting the main section. There are two small drawers to the bottom. The drawers have round turned wooden knobs. To the sides there are fluted columns and carved corbles. There are three shelves for storage and the shelves are adjustable which is a nice feature. The top has a standard graduated cornice that is beautifully arched to the middle. The height is 193cm, the width is 122cm and the depth is 41cm.
