Description

Elegant 1960s Diamond & Cultured Pearl Drop Earrings in 18ct White Gold A beautifully refined pair of 1960s diamond and pearl drop earrings, exemplifying the understated elegance of mid-century jewellery design. Each earring is composed of a delicate diamond-set floral cluster, radiating soft brilliance, from which a slender articulated line of graduated diamonds descends. This leads to a luminous cultured pearl, whose gentle sheen contrasts beautifully with the sparkle of the diamonds above. Crafted in 18ct white gold, the design is both graceful and timeless, offering movement, light and balance when worn. The combination of classic diamond clusters and elegant pearl drops makes these earrings effortlessly versatile, suitable for both formal occasions and refined everyday wear. A charming and enduring example of vintage jewellery, with a quietly sophisticated presence.
