Description

A very Scottish Victorian antique horn snuff mull. Made in Scotland around 1850 by an unknown maker. This large mull has a circular translucent agate set into the silver top. It is unmarked except for the owners letters "PS". The 5 piece hinge closes the lid tight and the horn mull is in excellent condition. It is a very tactile and collectable piece. There is a tight curl on the end of the horn which shows the skill of the craftsman. Weight; 120 grams or 4 ozst approx. Free delivery in the UK. Payment by bank transfer, card over the phone, PayPal or Klarna. Using Klarna payments can be split over three months.
