Description

This hall stand is in good condition. It has been superbly restored in Hungary and then waxed it in a lovely antique brown bri wax giving it a stunning patina. This hall stand would look well in a large property in a large hallway for storage of many coats amongst similar antique pine furniture. This stand stands on square feet supporting the main section. There is a drip tray for umbrellas at the bottom leading to two panels having a lovely moulding around the edge. There is a hard wood middle section where one can place umbrellas and walking sticks etc. Above are a further two larger panels with a moulding around the edge. There are six original metal coat hooks. There are fluted columns and carved corbels to the sides and the top has a standard graduated cornice. The height is 206cm, the width is 139cm and the depth is 15cm.
