Description

A magnificent pair of antique leather wing back armchairs. They were made in England, and they date from around the 1920's. They are of very impressive, large proportions, the quality is absolutely amazing and they are extremely comfortable. They sit on beautifully turned and stretchered solid walnut bases, with well shaped scrolled out arms, scrolled back wings and hump back head rests. We have had them revived and hand coloured to a gorgeous brown tone, the legs have also been re-polished. The seat cushions are plump and feather filled, these chairs are extremely comfortable and are in great condition throughout. The chairs are stamped with an H on the inside of the back legs. Width - 41 inches , 104 cm Depth - 34 inches , 86 cm Height - 47 inches , 119 cm
