Description

This bedside cabinet is in good condition. It has been restored and painted in a lovely blue paint. We then rubbed over the edges and waxed it giving it a stunning appearance. We stripped and waxed the top. The cabinet would look well in any bedroom or as a hall cabinet etc. The cabinet stands on round turned legs supporting the main section. There is one large door with a moulded panel that is carved beautifully. The door has a metal drop handle. To the sides there are fluted columns and carved corbels. Behind the door there is plenty of storage space. There is one drawer with a metal drop handle. The drawer has dovetail joints and is pine lined. The top is in good condition and waxed with a bull nosed edge. There is an upstand to the back with a panel and carving. It also has fluted columns and carved corbels and some circular mouldings to the top. The height is 119cm, the height of the table top is 90cm, the width is 46cm and the depth is 37cm.
