Price

**Sold****Item Reference: SA1205259****Date of manufacture: 19th Century**

Dimensions

Height = 17.5 cm (6.9")

Width = 81 cm (31.9")

## Description

A carved 19th Century Italian wooden cart fragment, depicting two armoured knights engaged in combat before a dramatic landscape. The panel is worked in deep open-relief, with the central figures shown mid-battle, their shields and weapons raised. Behind them rise stylised palm trees and architectural forms—perhaps evoking a fortified town or distant citadel. The ends of the panel terminate in carved helmeted heads.

Internal Ref: 1171
