Description

This bedside cabinet is in good condition. It has been restored and painted in a lovely black paint. We then rubbed over the edges and waxed it giving it a stunning appearance. We stripped and waxed the top. The cabinet would look well in any bedroom or as a hall cabinet etc. The cabinet stands on square back legs and round turned front bun feet supporting the main section. There is one large door with one panel and a moulding around the edge. The panel is carved which is a nice feature. The door has a metal round handle. To the sides there are fluted columns and carved corbels. Behind the door there is a shelf for storage. There is one drawer with a round turned handle and a moulding around the edge. The top is in good condition and waxed with a bull nosed edge. The height is 81cm, the width is 48cm and the depth is 35cm.
