Description

Here's a very interesting English 1920s pine dresser — tall, slim, and elegant in its proportions. The top section features two glazed doors with adjustable shelves inside. The shelves sit on slot-in supports, so you can position them to suit your needs. The doors are fitted with brass sliding catches, and the locks are working nicely. The base has two drawers over two cupboard doors, with a single fixed shelf inside. The drawers are fitted with metal cup handles — a lovely period detail — and will all be checked to ensure they slide smoothly. Originally painted, the piece has since been stripped and waxed. The current finish is a little tired, so it will be properly cleaned back and re-waxed, which will really lift the overall appearance. The left-hand base door catch will also be repositioned higher up for easier everyday use. Please note: this dresser does not dismantle for delivery and remains in one solid section, so access should be checked carefully due to its height. Code: K2006C Price: £680 as it is (please enquire), or £787 fully cleaned and re-waxed. Dimensions: Height 84.5", base height 36", width 40.5", depth 10.5" (top) / 18.5" (base). Height 215 cm, b...
