Depth = 8 cm (3.1")

Description

Hi I have for sale a 1890s French striking and repeating carriage clock made in France by Brunelot. The clock case has been fully restored the movement has also been fully restored with new springs added and is running strong, keeping time and striking correctly with the repeat button on the top all running via the platform. The Case The case is in solid shiny gilded brass and stands 17cm high x 9cm wide with a depth of 8cm it is in original condition with a thick 5mm bevelled front/back door and top viewing glass again all in mint condition and covering the most amazing panels gilded with raised silvered flowers. The case is very shiny and hard to photograph they do not do the clock justice at all. The Dial The dial is in original condition, brass with Roman numerals, but has an amazing mask to match the top and sides; the clock also retains its original very fine black moon hands. The Movement The movement is an eight-day time and strike which strikes the hours, and halves via the blue steel gong to the rear also has the repeater button on top to repeat the last hour strike, the movement has been fully restored and running and striking 100% correctly. The makers sta...
