Description

A large and good quality Sterling Silver photo frame. The frame is a simple rectangular design with a wooden back and an easel design for standing up the frame. It is clearly hallmarked for Birmingham, 1923 and the maker Sanders & Mackenzie. It is in good condition for its age. There are no major damages and the easel back is in good solid order. There are some light surface marks, minor scratches and some small dinks around the frame but nothing too detrimental given its age. The silver has been gently cleaned and polished and the frame is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
