Width = 21 cm (8.3")

Depth = 21 cm (8.3")

Description

A very impressive late Victorian silver plated table lamp of large proportions by J Hinks & Sons. J Hinks & Sons had a foundry in Birmingham from 1835 and were responsible for the vast improvements to oil lamps, patenting the duplex burner for petroleum based lamps. Their trade stamp is associated with all quality lighting from that period.

This impressive lamp with stepped base leading to Corinthian column and capital measures 60 cm in height to the top of the bulb holder. The three step base measures 21 cm x 21cm approx . A superb and heavy example. It is in beautiful condition throughout, professionally rewired and PAT safety tested.
