Dimensions

Height = 108 cm (42.5")

Width = 54 cm (21.3")

Depth = 62 cm (24.4")

Description

A charming antique 19th century Windsor armchair. This attractive example features a classic stick back with a hooped arm rail and a decorative pierced central splat. The well-figured solid elm seat is raised on four turned legs united by a traditional crinoline stretcher, giving both strength and classic Windsor proportions. The chair displays lovely colour and patina developed over years of use, particularly to the seat which shows attractive figuring. A good honest example of a traditional country Windsor with great character. Item Reference: M-6784 . Dimensions: Height – 108cm / Width – 54cm / Depth – 62cm / Seat Height - 44.5cm . **CONDITION REPORT:** In good antique condition consistent with age and use. There is general surface wear including marks, scratches and areas of rubbing to the arms and seat as expected. There is a historic crack to the seat (pictured) which has been filled and is stable and does not affect the structural integrity of the chair. Overall, a lovely example. Our experienced carpenter thoroughly inspects, repairs, and restores each item in our collection to ensure it is fully prepared for use in your home. For a clear and accurate understanding ...
