Gents Bulova Ambassador intra-matic watch, 1967

Price

Sold**Item Reference: SA1206812****Date of manufacture: 1960**

Description

Gents Bulova Ambassador intra-matic watch, 1967. The watch has a high grade 30-jewel 12 ECACD automatic movement, based on the Buren 1321. This is an intra-matic movement which means it has a microrotor which is integrated, rather than oscillating with weights, and was designed to reduce the overall thickness of a watch. The movement is signed Bulova Watch Co and it has the date code for 1967. The watch measures 35mm diameter excluding the winding crown and the lugs. The case is stainless steel and it is in lovely condition. The back of the watch is signed Bulova Ambassador. It also states that the watch is waterproof but, as with any vintage watch, it should be kept away from water and moisture. The inside of the case back has the date code for 1966. The lens is in lovely condition. The signed dial is in beautiful condition (possibly re-finished but to a very high standard) with original hands, centre seconds and date display (initially set by turning the hands repeatedly backwards and forwards between 12 midnight and 9pm until the desired date is reached). A new leather strap has been fitted. The watch comes in a new presentation box.
