Description

A Victorian painted pine chest of drawers, the top with a moulded edge over two short and three long drawers with knob handles and raised on ring turned feet. A good size, solid, chest of drawers in clean condition. The paintwork is likely from the 1960's and miraculously it managed to escape the fashion of the 1980's and 90's of stripping pine! It could of course easily be re-painted.
