Depth = 24 cm (9.4")

Description

Hi I have for sale a simply stunning original solid flame mahogany eight-day long case clock triple chime on 5 tubes made by Richard Sharkey of Birmingham. Richard is listed in Loomes as 1820-1850. A brief history of this clock, it has been in the same family for 180 years or so and still has all the original finishes, gilded capitals, and pendulum all still together. The clock strikes each quarter and on the hour on five gong tubes, an amazing sound, simply beautiful. Around Christmas time and the new year, a grandfather clock seems to be a very fitting sound in the new year, as it has been for the last 180 years. The Case The case is in English flame mahogany with an opening front door with inlay applied. She stands 248cm high (to the top of the bird final) x 58cm at the widest point at the base, with a depth of 24cm it is in very good original condition, well waxed and loved over the years. It is a very nice-looking piece of furniture that would grace any home, and as I mentioned just polished, and please note the inlays, which set it apart from others and scream quality. The Dial The dial is in very good original condition with a full working date work and signed i
