Description

An excellent antique military campaign style mahogany and brass console table. This was made in England, it dates from around the 1930's period. It is very well made and is a great size. This has brass fixtures on the corners, a central brass plaque on the top, two drawers and a useful lower tier. It is nicely polished on all sides including the back, so it can be used as a free standing item. We have recently had this re-polished, the condition is excellent for its age.
