Description

Gents 1967 Zenith stellina wrist watch. The watch has a 15-jewel hand-winding movement, calibre 106-6, which is working nicely. The movement is fully signed, and it has the serial number 641,858 which dates it back to 1967. The watch measures 33.5mm diameter excluding the later plain winding crown and the lugs. The case is gold plated. The front is in lovely condition. Some wear to the plate on the back of the watch. The stainless steel case back is signed with the Zenith name, together with the personal inscription, 'pour la femme de ma vie' (for the love / lady of the my life). The lens is in lovely condition. The signed dial has the small star above the Zenith name (hence, stellina or 'little star'). Original hands, a subsidiary seconds dial and outer minute markers. There is some even marking across the dial. A new leather strap has been fitted. The watch comes in a new presentation box.
