Gents Omega wrist watch, 1939

Price

GBP 435

| USD \$589 | EUR 509

Item Reference: SA1207745

Date of manufacture: 1930

Description

Gents Omega wrist watch, 1939. The watch has a Swiss 15-jewel 26.5 SOB hand-winding movement which is working nicely. The movement is fully signed and it has the serial number 9,104,065 which dates it back to 1939. The watch measures 30.5mm diameter excluding the winding crown and the lugs. The crown is possibly a later replacement. The case is stainless steel and it is in good condition with just the odd minor mark, nothing serious at all. The inside of the case back has the Omega logo. The lens is in lovely condition (some natural light reflection showing in the photos). The signed sector dial is in its original finish with original feuille shaped hands and a subsidiary seconds dial. The dial looks good to the naked eye, some marking if viewed very closely and an old repair at the bottom. A new leather strap has been fitted. The watch comes in a new presentation box.
