Description

A 19th century high back Windsor chair, made from ash with a shaped and pierced central back-splat, crinoline stretcher, and a thick moulded seat crafted from a single piece of timber. The chair has a lovely rich colour and patina. Condition: There appears to have been a repair to where one of the rear stretchers joins the crinoline stretcher, as there is a small hole with filler applied in the crinoline stretcher - please see the last photo. Otherwise very good condition, a good solid comfortable chair. Dimensions: Width - 58.5cm Depth - 69cm Height - 102cm Seat height - 45cm Mainland UK delivery (excluding the Scottish highlands) is included in the price - if you would like a quote for delivery elsewhere, or if you would like to collect the item yourself, please get in touch.
