Description

This chest of drawers is in good condition. It is a genuine Hungarian piece of furniture. We professionally restored it and then painted it in a lovely white paint. We then rubbed over the edges and waxed it giving it a stunning appearance. This chest of drawers would look well in a large property bedroom amongst similar antique pine furniture. It would also look great in a downstairs room. It would be great as a baby changing station as it is the right height to stand at. If you are looking to furnish a bedroom please view our other items we have many wardrobes and bedside cabinets. This chest stands on square back legs and round turned front bun feet supporting the main section. There are three large drawers. The drawers have a brass round turned knob and original key escutcheons which is a nice feature. The drawers have dovetail joints and are pine lined. The sides have fluted columns and carved corbels to the top. The drawers run smoothly. The top is in good condition with a bull nosed edge. This is truly stunning so please buy with confidence! The height is 89cm, the width is 128cm and the depth is 62cm.
