Description

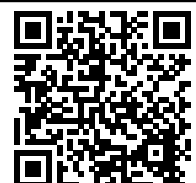

This chest of drawers is in good condition. It is a genuine Hungarian piece of furniture. We professionally restored it and then painted it in a lovely blue paint. We then rubbed over the edges and waxed it giving it a stunning appearance. This chest of drawers would look well in a large property bedroom amongst similar antique pine furniture. It would also look great in a downstairs room. This is a large chest of drawers so please be aware if it is to go up your staircase that your staircase needs to be wide enough. If you are looking to furnish a bedroom please view our other items we have many wardrobes and bedside cabinets. This chest stands on square back legs and round turned front bun feet supporting the main section. There are three large drawers. The drawers have their original round turned wooden knob and metal key escutcheons which is a nice feature. The drawers have dovetail joints and are pine lined. The sides have fluted columns and carved corbels. The drawers run smoothly. The top is in good condition with a rounded bull nosed edge. The height is 109cm, the width is 133cm and the depth is 67cm.
