Description

A beautiful large stunning Swiss solid silver coffee pot. It is hallmarked with 800 standard mark along with the Swiss maker of Jezler, a very highly regarded firm. I would date it to c1920s. It has been superbly designed being hand planished and has ceramic insulators. It is in superb condition having no dings splits or repairs. It measures approx. 10.25 inches (26cm) tall by about the same wide handle to spout and weighs 688 grams. A stunning example. (we are also listing a matching lidded bowl).
