Description

This chest of drawers is in good condition. We have professionally restored it and then painted it black. We then rubbed over the edges and waxed it giving it a stunning appearance. The chest of drawers would look well in an old or modern property in a large bedroom. Please be aware this is in one piece and I will require a hand off the van with it into your hallway. If it is to go up stairs your staircase needs to be straight with no turns. The chest stands on square back legs and round turned front bun feet supporting the main section. There are four large drawers. The top drawer has two lovely moulded panels and ceramic handles. The other drawers have ceramic handles and key escutcheons. The drawers have dovetail joints and are pine lined. The top is in good condition with a bull nosed edge. There are fluted columns and carved corbels to the sides. The height is 160cm, the width is 127cm and the depth is 60cm.
