

SA1208025

Gents 1950s Aristo automatic wrist watch

Price

Sold**Item Reference: SA1208025****Date of manufacture: 1950**

Description

Gents 1950s Aristo automatic wrist watch. The watch has 25-jewel automatic movement which is working nicely. The watch measures 34mm diameter excluding the winding crown and the lugs. The case is gold plated while the screw on case back is stainless steel. The case is in good condition, just light surface marking to the back but not too detrimental at all. The back of the watch states that the watch is waterproof but, as with any vintage watch, it should be kept away from water and moisture. The lens is in lovely condition. The dial is signed Aristo, a brand name registered by several watch assembly companies. It is in its original finish with original hands and centre seconds (very slightly out of shape if you look very closely). A new leather strap has been fitted. The watch comes in a new presentation box.
