Description

This cupboard is in good condition. We have professionally restored it and then waxed it in a lovely antique brown bri wax giving it a stunning appearance. The cupboard would look well in an old or modern property in a large room. It would look well in the corner of a living room. Please be aware this is large and I will require a hand off the van with it into your hallway. If it is to go up stairs your staircase needs to be straight with no turns. The cupboard has one large door with two panels that are fielded typical to the georgian era. There is a brass round turned knob. Behind these doors there is a shelf for storage. Above are two tall thin doors with each door having three panels that are all raised. The top has a standard graduated cornice. Behind the doors there are the most wonderful georgian shelves. The height is 232cm, the width is 113cm and the depth is 58cm.
