Description

This chest of drawers is in good condition. We have professionally restored it and then painted it black. We then rubbed over the edges and waxed it giving it a stunning appearance. The chest of drawers would look well in an old or modern property in a large bedroom. Please be aware this is in one piece and I will require a hand off the van with it into your hallway. If it is to go up stairs your staircase needs to be straight with no turns. The chest stands on square back legs and round turned front bun feet supporting the main section. There are two smaller drawers over three larger drawers. The two smaller drawers have a lovely oval moulding. These drawers have a metal drop handle. The larger drawers have ceramic handles. The drawers have dovetail joints and are pine lined. The top is in good condition with a bull nosed edge. There are turned columns to the sides and top. The height is 125cm, the width is 125cm and the depth is 61cm.
