Description

A superb 19th-century burr walnut chest of drawers, crafted with exceptional book-matched graining that flows across the front like natural marquetry. The four drawers are arranged in a seamless, hand-finished Scandinavian style, free from heavy ornamentation — allowing the walnut's depth and movement to speak for itself. Each drawer retains its original working locks, accompanied by two keys, adding both authenticity and charm to the piece. The chest's clean lines and balanced proportions give it a quiet, architectural presence, while the rich burr walnut veneer adds warmth and sophistication. A timeless piece that bridges traditional Swedish restraint with 19th-century luxury, perfect for interiors that value craftsmanship, natural beauty, and understated elegance. Height 92cms x Width 99cms x Depth 52cms. For inquiries, please feel free to reach out to Richard via email at richie.perrott@live.co.uk or call the office at 07912624065.
