Description

DESCRIPTION A stunning Edwardian NATURAL SALTWATER pearl chain with ENAMEL platinum links
HALLMARKS Not Hallmarked but metal tests for platinum and clasp has the original gold bobble on the bolt which is distinctive of platinum. There are two clasps, this is likely a watch chain or to hold a further pendant- a clasp sits at the bottom of the front of the chain so a pendant/ watch can be hung
MEASUREMENTS Natural saltwater pearls; approx 2mm. These have not been individually unset to be xrayed but I am assured natural saltwater Length 21 inches Really nice quality and proportional necklace Weight 7g Guilloché enamel is in superb condition
CONDITION Good condition, an excellent piece.
